Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Tuesday 11 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Remaining changeable with showers or rain. Temperatures still below normal.

Today:
Some showers will rapidly develop and spread northwards during the morning. Staying dry and largely sunny along southernmost counties though, these conditions then extending northwards during the afternoon. Feeling pleasant in any spells of sunshine. Maximum temperature 18 deg C (64 deg F).

Tonight:
Some showers may persist in western parts during the evenig and overnight but these will be fairly isolated and for many, it'll remain dry and largely clear. Minimum temperature 6 deg C (43 deg F).

Wednesday:
Another day of sunny spells and showers, these slow-moving and occasionally heavy during the afternoon. Staying dry and largely sunny along southernmost counties. Heavy rain for some during the evening. Maximum temperature 17 deg C (63 deg F).

Outlook for Thursday to Saturday:
Dry and brightening up on Thursday, some afternoon sunshine. Early fog on Friday then sunshine and a few showers. Sunny spells and showers on Saturday, locally heavy. Temperatures below average.
